

Download and install OpenScape Mobile Pro from Google play

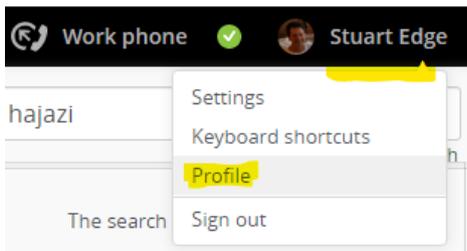

https://play.google.com/store/apps/details?id=com.unify.osmo&hl=en_AU&gl=US

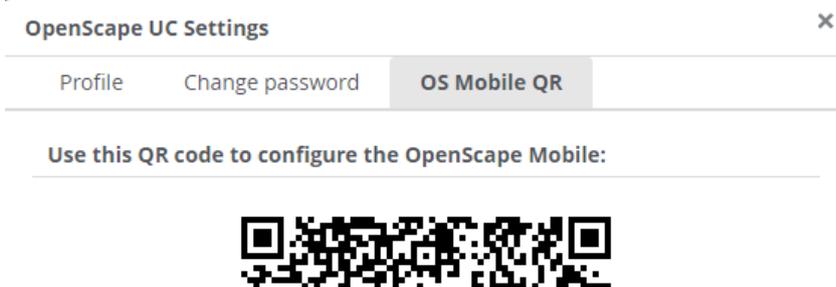

Display the QR Code that contains your personal Account Information

Once the app is installed, a different QR code is provided by Web Client or the UC Desktop App.

1. From Web Client or the Desktop App, click your name, then Profile

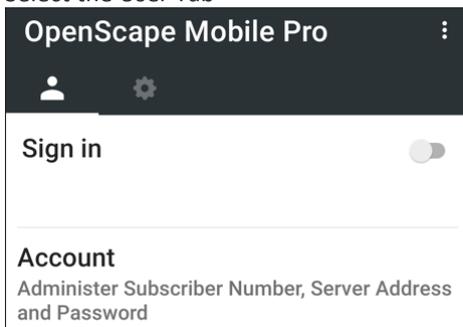

2. Click OS Mobile QR to display your QR code

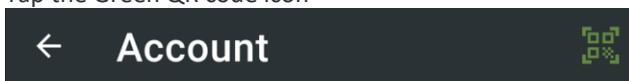

Account

Enter your account details in OpenScape Mobile as follows:

1. Select the User Tab

2. Tap Account
3. Tap the Green QR code icon

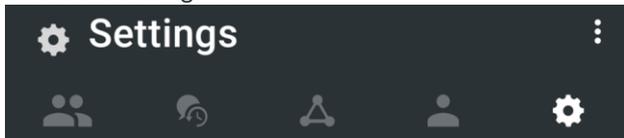

4. Scan the QR code.
5. Enter your password (The same password you use to login to the app).

6. You should get something like this, otherwise you can enter the details manually.

Subscriber	user.name@system
Password	Manual entry
Remember me	Enabled
Cell Number	+614111111111
Server Address	https://facade.olcs.com.au:8443/axis/services
